

## Using Tapestry

If you are unsure of how to use Tapestry, you will find many videos on YouTube that explain how to access and use certain features.

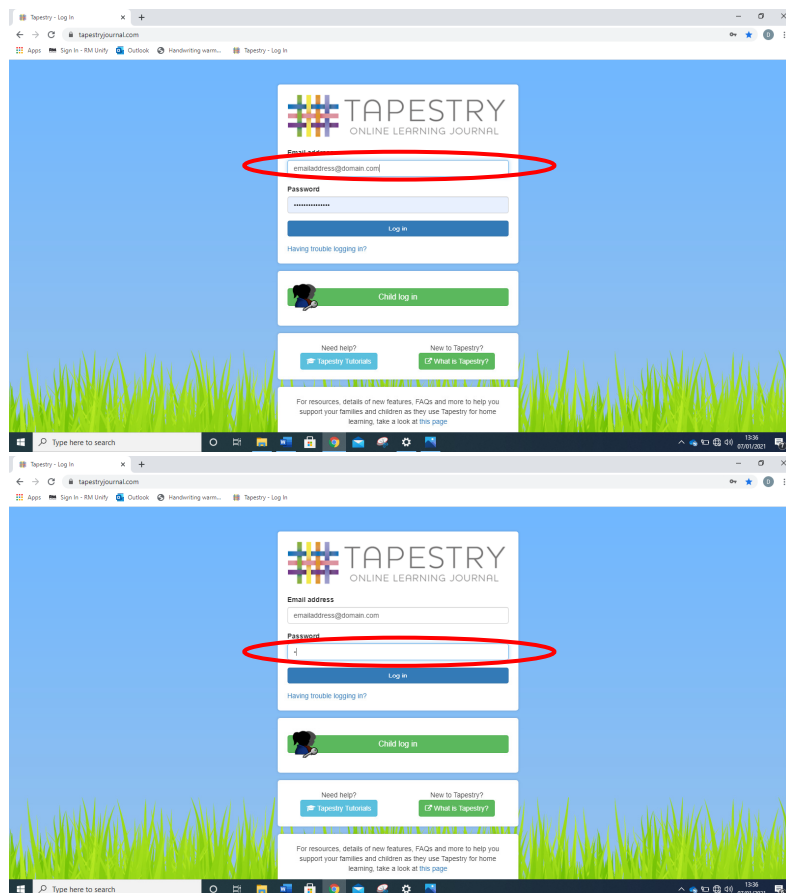

## Accessing 'Documents'

To access the documents section of Tapestry, you must use a web browser, for example 'safari' or 'Google chrome'. You will not be able to access the documents on the app.

To log in you will need to put your email address and password in, and click 'Log in'.

- If you haven't logged in for a while and cannot remember your password, click 'Having trouble logging in?' and it will take you to a series of options that you can choose from to solve the problem.
- If you have never logged on, please look at your emails and there will be an activation link inside.
- If you have never logged on and you have searched your email but there is no activation link, please email [tapestry@commonswood.herts.sch.uk](mailto:tapestry@commonswood.herts.sch.uk)

Click on 'Documents' and then your child's folder; either Nursery or Reception home learning. The home learning will be available as a word document for you to click on to download.
